RULE1

Plant Protein
20sv - \$44.99

Plant-Powered Nutrition

Per serving, Plant Protein provides 20 grams of quality protein, with all 9 essential amino acids (EAAs), from a blend of pea, sunflower seed, pumpkin seed, and watermelon seed sources. Equally impressive is what's not in it. Plant Protein is naturally flavored, sweetened with stevia leaf extract, and contains no artificial food dyes. Dairy, lactose, and cholesterol free.

RULE1

Casein Protein
4lbs - \$94.99

We utilize 25g per serving of Micellar Casein in this protein formula, so it keeps working long after you've left the gym. It's slow-release formulation is designed for occasions when you want a protein that takes its time and delivers its amino acids benefits over several hours.

Informed Choice® Certified.

Regularly tested for banned substances by the world class sports anti-doping lab, LGC.

WHAT'S Casein Protein?
Gradual Release

Casein Protein is a complete dairy protein with a thick creamy texture and all nine essential amino acids (EAAs). Compared with other high-quality protein sources, casein is broken down into its amino acid components at a more prolonged rate, which makes it ideal for nighttime use.

WHAT'S IN IT
Overnight Sensation

Satisfy your hunger and overnight nutrition needs with Casein Protein.

More slowly utilized by the body, micellar casein proteins gradually deliver amino acids to help feed recovering muscles over several hours.

- 25g protein & 11g of naturally occurring EAAs¹
- 100% protein from micellar casein
- Extended amino acid delivery
- Helps feed muscles while you sleep
